TERMS & CONDITIONS	
<p>The Public Works Director is authorized to impose on a case-by-case basis, additional conditions consistent with Chapter 700: Right-of-Way Regulations, and other applicable Law as are necessary to protect the public health, safety or welfare, to manage properly the Public Right-of-Way, and to Restore properly the Public Right-of-Way. The Public Works Director may establish in the Public Utility Right-of-Way Permit, limitations on the amount of Excavation that may occur at one time and the amount of Public Right-of-Way which may be obstructed during Construction. The Public Utility Right-of-Way User shall not permit Excavation to remain open longer than is necessary to complete the Repair or installation, and in no event may Excavation remain open beyond the expiration of the Public Utility Right-of-Way Permit or approved extensions. Non-Emergency Excavation on arterial and collector streets shall be performed during the hours allowed by Law. The Public Works Director may limit the number of conduits that may be installed by each Public Utility Right-of-Way User in order to prevent a Public Utility Right-of-Way User from unreasonably consuming a disproportionate amount of the available Public Right-of-Way, to prevent the deterrence of competition, and to protect the use of the Public Right-of-Way by others.</p>
